---

Hi Donna,

Let's shoot for the December CPG meeting.

Thanks,

Ashley

Thanks Ashley,

November public review date question

I need to send the draft Nov 7th agenda out next week by Oct 22, to be published in the weekly Alpine Sun--two weeks prior to the meeting date as required by policy I-1

Should I include a staff presentation on the Soitec PEIR/MUP in that agenda? If so, what language should I use?

Donna

Hello Ashley

Several questions for you:

1. Have you seen any documentation for Soitec's Tierra Del Sol gen-tie ROW along the railroad easement between Tierra Del Sol Road and SDG&E easement near Jewel Valley Road? **The gen-tie alignment is shown on the Tierra Del Sol plot plans (attached). The full plot plan was too large to attach so I extracted the two pages showing the gen-tie.**
2. Do you have any better idea on the expected PEIR release date? **We are currently working through additional review of the EIR. I would anticipate a November public review date. I will keep you up to date as we get closer.**
3. Can groundwater investigation be released yet? **The groundwater investigations are still draft form.**
4. Has a date been set for a PDS staff tour of Soitec's Newberry Springs 1.5MW project? **A date has not yet been set for staff to visit the Newberry Springs project.**

Thanks
